REBELS AUTO CLUB NEWSLETTER

OCTOBER 2017

THE PRESIDENT'S GARAGE

My Fellow Rebels, Welcome to "The President's Garage" I wanted to have a spot where I can visit with everyone in the club as a whole.

Last meeting was my first meeting as the Rebels Auto Club's New President, and I want to say what an Honor it is to represent the Rebels Auto Club as your President. When I joined the Rebels, I was looking for a place to share my passion for cars with people that have that same passion. I'm so proud of all our accomplishments that we do as a club, and how we give back to our community, and everyone that is a member should be equally proud as well.

In the last meeting I shared some of my background, and for those who missed it, here's the expanded CNN Recap. I've always been intrigued with mechanical things, many a bicycle, wagon, trike, and even my sister's Big Wheel were sacrificed for the benefit of building another Chopper, or Stripped Down Bike. My family moved out to the country when I was 12, and that's when I rebuilt my first engine. Our neighbor had an old 1936 Chevrolet Truck, and he said if I could get it running, I could have it. Well that was the beginning of the first in a long string of vehicles. The list was long and distinguished, and I wish that I had almost all of the 119 Cars back that have gone through my hands in 45 years since that 1936 Chevrolet pickup.

With the exception of my paper route that I had from 12-16 years old, I've always had a job in the automotive world. Starting at my Dad's Gas Station at 16, then working in the Body Shop at a Cadillac Dealer in El Dorado, Kansas, and a Corvette Restoration Shop in Wichita, Kansas until starting my Parts Department Career in 1979 at a Chevrolet Dealership in Augusta, Kansas for 2 years. Continuing my Parts Career I worked at a Chevrolet, BMW, Alfa Romeo Dealership in Wichita Kansas for 15 years, my next stop was a Dodge, Oldsmobile, Jeep, Eagle, Nissan, Lincoln-Mercury, and Mazda Dealership where I worked for 10 years. A GMC, Buick, Pontiac, Hyundai, and Honda dealership was where I spent the next 4 years, before starting my auto transport business that I owned before moving to Lincoln, Nebraska. I moved to Lincoln to take a job at Speedway Motors as a Street Rod, Muscle Car, and Vintage Air Technical Advisor for the last 5 years.

I hope this will work out as this may be the last one this year.

THE PRESIDENT'S GARAGE (continued)

Since I've moved to Lincoln, I've met so many incredible people in the automotive industry that I would have never gotten to meet otherwise. Having been held all the Offices of the Muscle Inc. Car Club in Wichita, Kansas, I have always enjoyed being a member of a Car Club, and the members of the Rebels Auto Club are by far the best group of people I've ever met. I look forward to being the very best President that I can be, and Thank You for the opportunity for me to be a part of the Greatest Car Club in the World..... Now Back To Your Regular Scheduled Program.

~Steve Lewis

It was a just-for-fun event and what a fun time we had!!! The route was great thanks to Don Shea and Doug Weber. The Francisco crew worked hard to keep things smooth and fun. A big giant *thank you* to them and everyone that helped and participated.

At the Apple Jack Festival in Nebraska City there are plenty of cars to look at and each person has an individual perspective when viewing the entrants to a show. This cute young girl asked her grandpa to take her picture with Bobbi's PT Cruiser because her outfit matched
